

JAMES HAZEN HYDE WEDS DAUGHTER OF JOHN LEISHMAN

Quiet Ceremony for Former
New Yorker and Countess
De Gontaut-Biron.

PARIS, Nov. 25.—James Hazen Hyde, formerly director of the Equitable Life Assurance Society, and Countess Louis de Gontaut-Biron, whose maiden name was Miss Martha Leishman and who is the daughter of John G. A. Leishman, formerly American Ambassador to Germany, were married to-day at the American Church of the Holy Trinity in Paris by the rector, Rev. Dr. Samuel Watson.

The ceremony was private, the only guests present being the bride's mother, Mrs. Leishman; the Duke of Croix, the Duchess of Croix, the bride's sister; Myron T. Herrick, American Ambassador to France, and Mrs. Herrick; Harry R. Lehr and Mrs. Lehr of New York and a few other friends.

The bride was attended by Princess Guy de Fautigny-Lucingo, formerly Miss Nauvillat Terry, and was given away by her brother-in-law, the Duke of Croix, in the absence of her father, who is in the United States. Ambassador Herrick acted as best man.

The civil marriage had been previously performed at the office of the Mayor of the Sixteenth Arrondissement, when the witnesses were Henry Clave Jr. of New York, the Duke of Croix, Ambassador Herrick and Harry R. Lehr.

Ambassador Herrick and Mrs. Herrick gave a dinner to the wedding party.

BRINGS 600 "SKEETERS" OF ASSORTED KINDS TO STUDY THEIR HABITS

German Doctor Says Col.
Gorgas Has Canal Zone Near-
ly Free From These Pests.

Dr. Emilio Martini of the Imperial German Foreign Medical Corps couldn't have been received with more caution by the customs officers of this port on his arrival from Colon on the Hamburg-American liner Carl Schurz—than if he were known to have a trunkful of bombs. He had with him 600 live mosquitoes of thirty-seven disease breeding varieties collected in Central America. Very few of them came from the Panama Canal Zone. Col. Gorgas, Dr. Martini explained, had made mosquito collecting difficult along the canal by chasing those birds of prey into the neighboring country.

The customs people wanted assurances that the Central American buzzers should not get loose in this vicinity and add to the virulence and variety of the native or Jersey wicket pest, which is bad enough without any doubtful improvements of the breed in their opinion. Moreover there was doubt as to whether they should be entered as live stock, fish or fowl.

Dr. Martini explained that he was preparing for a campaign against mosquitoes in the German East African possessions and intended to fight everything from sleeping sickness to malaria. The methods used by Col. Gorgas to make a healthy resort on an island which was once a pest hole, Dr. Martini said, were of the greatest aid to him, as well as the vast experience of Col. Gorgas in observing the manners, customs and predatory habits of the pesky things.

Cigar-maker Hange Himself. John Warner, fifty, a cigar-maker, of No. 44 West Forty-ninth street, committed suicide in his home to-day by hanging himself on the door of his room. His nephew, Frederick Warner, with whom he lived, said he had been ill and out of work for some time. Dr. de Barre of the Polytechnic Hospital pronounced the man dead. The body remained at the residence.

BEATEN BY HIGHWAYMEN.

Brooklyn Man Fights Assailants
and Is Knocked Down and Robbed.

Lewis A. Wade, expert accountant, of Avenue O and Eighth street, Brooklyn, was held up by two thugs near his home at 8 o'clock last night. Wade refused to give up his money and called into the two men. He was beaten almost senseless. While he was helpless the thieves took all his money, a considerable sum and a diamond ring. He had a scratch in which were papers of great value, but the thieves neglected these.

Tons of Turkey Destroyed.
BUFFALO, N. Y., Nov. 25.—Health Department inspectors to-day destroyed ten tons of spoiled frozen turkeys which had been seized in local car meat inspection houses. Part of nearly every car of turkey and geese has been found unfit for use because the fowl, being packed before cooling, has spoiled in transit.

Turkey Puts Him Out.
Gambler Wins in Shuffle and Breaks
Owner's Leg.
PITTSBURGH, Pa., Nov. 25.—Frank McAfee will spend his Thanksgiving in St. Francis' hospital. He chased his \$200-a-pound live turkey to a barn roof and sustained a broken leg when thrown to the ground during a scuffle with the bird.

All records of piano selling surpassed The success of this co-operative sale has been almost electrifying

Copyright, 1913, by O'Neill-Adams Co.

THE success of this sale was foretold the day it opened. It started out a success—and has kept it up ever since. This department has been as busy as our other departments, where thousands of things are sold instead of a few. Up to this writing we have sold and delivered just one hundred and seventy instruments more than the largest estimate put upon the probable sales for the given time—which means that the sale will close from a week to two weeks earlier than we had expected. Remember—when seven hundred pianos and three hundred player-pianos have been sold the sale ends. Not another one of these instruments will be sold at these prices, upon these terms, or upon this plan. So come NOW.

Success due wholly to this mutual plan

Co-operation and concentration did it. The plan has done it all. You got a good, durable piano, worth three hundred and fifty dollars of anybody's money, for two hundred and forty-eight dollars and seventy-five cents. This was a saving of one hundred and one dollars and twenty-five cents—to begin with.

You paid five dollars when you selected your piano, leaving two hundred and forty-three dollars and seventy-five cents to be paid. To pay this balance you were allowed one hundred and ninety-five weeks' time. This made the payment amount to only one dollar and twenty-five cents a week. You could take the full time—one hundred and ninety-five weeks—or not, just as you wished.

After the balance of two hundred and forty-three dollars and seventy-five cents was paid there was then no further interest or payments of any kind to be met.

You could get your money back after a thirty days' trial, if you wished. If you kept the piano you could exchange it without loss at any time up to within one year from the day you bought it. And all unpaid payments were voluntarily cancelled in the event of your death while you were still paying for the instrument. Besides this you got the protection of a joint guarantee signed by both the manufacturers and ourselves, protecting you absolutely for five years.

What more could have been given? What more wished? Could you have suggested any further privileges or conditions that would have been of advantage to you?

Player-pianos also on same plan

Three hundred player-pianos are also being sold on this co-operative plan. The usual price of these player-pianos is five hundred and fifty dollars each.

The co-operative price is three hundred and ninety-five dollars, with NO INTEREST to be added.

The player-piano is also being delivered immediately upon the payment of five dollars.

The payments are two dollars a week—giving you one hundred and ninety-five weeks' time in which to make your payments—the same as on the piano. The same unconditional guarantee that is given on the piano is given on the player-piano.

You can also get your money back at any time within thirty days. You get the same privilege of exchanging within a year as that given with the piano.

All of the unpaid balances will be voluntarily cancelled in event of death. Also, a player-piano bench and nine rolls of music (your own selection) are included without extra charge.

An arrangement will be made with each purchaser whereby new player rolls can be procured at a cost of only five cents a roll. These player-pianos are standard 88-note players; that is, they play every note on the piano when the music roll is in motion. These player-pianos have an automatic shifter, which compels the music to play perfectly. Most player-pianos sold at from two hundred to two hundred and fifty dollars more than these will not play perfectly. These player-pianos have lead tubing. Most player-pianos have rubber tubing. The life of rubber is one year—at most. Lead lasts forever. It cannot wear out and the tubing in these player-pianos is so placed it cannot be broken.

All of the features of the co-operative plan are carried out in offering the player-pianos, with the single exception that the terms on the player-piano are 15c a dollar a week instead of 10c on the piano—one dollar and twenty-five cents a week.

How to obtain one of these pianos by our co-operative plan

To take advantage of this unusual sale all you have to do is to send or bring in five dollars, for which we will at once give you a receipt.

This five dollars is credited to your account on the co-operative books—leaving two hundred and forty-three dollars and seventy-five cents to be paid.

The co-operative plan then allows one hundred and ninety-five weeks' time in which to pay this amount—at the rate of one dollar and twenty-five cents a week. There are no further payments of any kind to be met.

You can select your piano at once, to-morrow, next day, next week or any other time convenient to you. It will be delivered immediately—next week or next month—Christmas week if you prefer. The time you select your piano and the date of delivery are wholly optional with you.

If not convenient for you to personally select your piano, we will make the selection for you under your instructions, with the understanding that if at the end of thirty days' trial the piano is not satisfactory we will refund your money.
